

Interview Experience at

Name: Vaishnavi Kadam

College: KLS Gogte Institute of Technology

Mail: 2gi19ec172@students.git.edu

Hiring Process:

Hiring process at Tejas networks was quite transparent and fair enough. Most of the candidates were shortlists after registration itself (above 80% in 2nd year).

After which Aptitude test was conducted, and another few were shortlist for technical interview. After clearing the Technical Interview, there's HR round which is final round.

1. Aptitude test:

- 20 Questions based on general aptitude (permutation and combination, probability, percentages, ages, verbal ability, logicalreasoning).
- 20 Questions based on Computer Communication Networks (basics to advance), Digital Electronics, 2-3 Numerical on Operating Systems.
- 5 Questions python programming based. (Easy-moderate)
- 1 Coding Question compulsorily in Python. (Must attend)

2. Shortlisted Student will go for Technical Interview(2023 batch-online mode)

Interview Questions:

- Questions based on projects mentioned in the resume were asked.
- Favorite subjects were asked, depending upon the subjects you tell further questions are asked.
- I was asked about Digital electronics: Mux-Demux, Logic gates, Flip flops (what is JK flip flop), what is race around condition, sequential-combinational circuits, etc.
- Some questions on Microcontrollers, as I'd done projects using microcontrollers.
- Questions based on Computer communication Networks will be asked compulsory as it is a networking company.
- What are the different OSI layers? Give real time examples.
- In which layer is encryption done?

- What are the different protocols, list some?
- Why is TCP preferred over UDP?
 - Difference between Switch and Router.

➔ Knowing Currently NG-PON, 5G Technology and latest technology in networking and some of the technology mentioned in the job description is very important.

➔ Learn JOB DESCRIPTION THOROUGHLY.

➔ Speak about yourself, is the most common question asked in all the interviews. Prepare well.

To summarize, be honest and confident. Answer what you know, try explaining the concept. Understand the question properly, and answer accordingly.

3. HR Round

Phone Call:

Simple Question like Tell me about yourself?

How was the interview experience?

Remember the name of your panelists.

Your DOB?

Tell something about job description?

Discussion of Joining Internship and receiving Offer Letter.

4. Final Selections Results

All The Best!!
